## FAT STOCK SHOW A SUCCESS.

Admirers of fine stock were agreeably surprised at the splendid showing of Club Boys and Girls stock at the show last Saturday afternoon. The animals were all Medina County raised and the feeds used for finishing them were Medina County grown, demonstrating that Medina County has all the elements essential to developing into a profitable live stock breeding and feeding area.

4-H Girls and Boys from Devine, Yancey, Natalia, D'Hanis, Seco, Dunlay, Cliff, Kincheioe Prairie, Castroville and Hondo exhibited 32 baby heaves, 42 fat barrows and 2 fat lambs at the Fair Grounds, Saturday, March 18th. The Union Stock Yards purchased the grand champion, raised by Ralph J. Graff. This animal weighed 950 pounds and brought \$7.75 per hundred. Ralph exhibited 2 calves, one weighing 1120 pounds. The Union Meat Co. purchased 12 calves and 42 fat barrows. Other buyers were Alamo Commission Co., A. C. Oefinger Commission Co., Geo. W. Saunders, J. W. Kothman & Sons. The average price for the first 17 calves was 5.35. The grand champion barrow brought 3.35. Average price for hogs was 3.25.

Over three hundred visitors attended. Every community in the County was represented and lovers of live stock from adjoining counties were here to encourage the boys and girls. A large delegation of San Antonio business men also attended.

This was strictly a fat stock show, boys and girls feeding hogs and calves of their own breeding, home grown feed. A. L. Smith, Beef Cattle Specialist of A. and M. College Extension Service, was assisted by Mr. Talley of the Union Meat Company, in judging the show. The following boys and girls received prizes:

**Senior Calves**  
Ralph J. Graff, Hondo, 1st, and grand champion.  
Earl Balzen, Dunlay, 2nd.  
Alfred Weiblen, Castroville, 3rd.  
Milton Balzen, Dunlay, 4th.  
Herbert Weiblen, Castroville, 5th.

**Junior Calves**  
Milton Balzen, Dunlay, 1st.  
Clinton Wurzbach, San Antonio, 2nd.  
Benjamin de Joirno, Dunlay, 3rd.  
G. W. Scott, Hondo, 4th.  
Leo Bohl, Jr., Devine, 5th.

**Fat Barrows**  
Milton Balzen, Dunlay, 1st.  
Alice Mann, D'Hanis, 2nd.  
Milton Balzen, Dunlay, 3rd.  
Earl Balzen, Dunlay, 4th and 5th.

**Fat Lambs**  
Mary de Joirno, Dunlay, 1st. and 2nd.

**APPRECIATES HIS PRIZE**  
March 21, 1933.

Editor,

Hondo, Anvil Herald.

The fat stock show that was put on by the 4-H Club girls and boys of Medina County, under the management of County Agent C. M. Merritt, was well attended, and I will thank all those who donated money for the prizes, and thank the County Agent for his good advice. We should also thank Mrs. Merritt for getting Mr. Merritt out so early Saturday morning so he would have the stalls bedded out by the time we got there with our calves. And I feel proud of the bidders who came out from San Antonio, consisting of Supt. Dozier, Mr. Lavalle of the U. M. C., Kothmann Commission Co., Oefinger Commission Co., Alamo Commission Co., and Saunders Commission Co.

Had it not been for these kind and big hearted men we would have been out of luck, as there were only a few local bidders and most of the sales were not encouraging.

One reason is, when the sale was over I heard papa ask one of the San Antonio bidders, "What was the matter with you fellows? It seems to me there wasn't a calf in the ring that should have sold below five cents."

"Very true," said the man, "but we have been to so many of the fat stock sales and bought many of the fancy calves until our coolers are about full to the brim. And the dressed beef moves slow like everything else. So that is one reason we can account for."

Papa said had the show been 30 or 40 days sooner we might have headed some of the other sales off.

Another reason why I think we got a fairly good price for the calves is this: Mr. H. G. Boehle is one of the biggest live stock dealers of Medina County. I asked him to haul my calves to the show, and he did. We left home about 7 a. m. He stayed with me during the day, and he was also a bidder at the sale. After the sale he hauled my calves to San Antonio Stock yards.

We got them weighed up towards midnight and got home sometime before two next morning.

I said: "Well, Cousin Henry, I'll settle for this hauling some other time, as my bed is waiting for me."

Then he said: "O well, you paid for my dinner; that's O. K." Now if a big cattle dealer stays with you and assists you for about 18 hours for just a little grub, then there sure is a lot of money in the cattle business. I hope that Mr. Merritt won't slight any of the club members and hope he will give them all a share of the prize money.

Some time in the future when my school books are not too tough I shall write you a story of the flowers of my garden.

Your club boy winner,

RALPH J. GRAFF,

First in Senior class and owner of grand champion calf of Show.

## Flowers' Revival Attracting Wide Attention

REV. R. L. FLOWERS.  
Evangelist in Charge of Community Revival at the Baptist Church.

MRS. R. L. FLOWERS.

## SPECIAL SERVICES ANNOUNCED FOR NEXT WEEK.

The revival meeting that is being sponsored by the Baptist and Methodist churches is attracting wide attention and great crowds. The meeting is being conducted by Evangelist and Mrs. R. L. Flowers of Denton, Texas. For eighteen years these people have done nothing else but conduct revival meetings. In these eighteen years they have had 40,000 conversions in their meetings. Their work has taken them into nearly every state of the nation. Their recent meetings were in Pennsylvania.

Mr. Flowers directs the singing and does most of the preaching and Mrs. Flowers plays the piano and conducts special meetings as well as does some of the preaching. The preaching of the Flowers is of high order and impressive. They deal sledge hammer blows to wrong and yet they do it in a manner that does not offend. The crowds have increased from the very first service and it is being predicted that the crowds the last week will tax the largest church in town. The first week of the meeting is being conducted in the Baptist church. The second week will be in the Methodist church. Next Sunday morning an old-fashioned service on Home will be conducted by Mrs. Flowers. A box of candy will be given to the largest family present. The couple who have been married the longest time will also be given a box of candy and the couple who has been married the shortest time will receive another box of candy. The families are urged to bring every member of the family for the old-fashioned family service. Sunday night a service of unusual interest will be held. The subject will be Hell. At 6:45 a mammoth young people's service will be held. It will be one of Hondo's greatest young folks meetings.

The married ladies of Hondo will have an opportunity to hear Mrs. Flowers next week in a series of special services. Her message will be The Modern Woman. Only married ladies and older unmarried women will be admitted in these special services. At the same hour of these meetings a service will be conducted at some place down town for men only. For three days Evangelist Flowers will speak to men only and one day Mrs. Flowers will address the men.

One of the unusual features of the meetings is the special services for the young people. Each evening thirty minutes before the night service they meet for a service for the young folks alone. The boys and girls of the town are also having a special Bible story hour. Both these special services are being well attended.

Evangelist Flowers is a product of Southwest Texas. His parents lived in Karnes, Frio and Jim Wells counties. Mr. Flowers left this part of the state when he went to school and since, he has been in the evangelistic work and has held many meetings in this section of the state.

## AN APPRECIATION.

DAVENPORT, WEST & RANSOME  
Attorneys at Law  
Brownsville, Texas,  
March 22, 1933.

Mr. Fletcher Davis,  
The Anvil Herald,  
Hondo, Texas.  
Dear Mr. Davis:

On behalf of Mr. Milton H. West and myself, I wish to express to you our sincere appreciation of the fair and generous consideration shown Mr. West by your newspaper in his recent primary congressional campaign. It was through such press "coverage" that we were enabled to reach many of the voters of this big district.

Although Mr. West has yet to contest with a Republican-Independent candidate in a special election on April 22, we anticipate only the need of a moderate campaign in order to win.

Again thanking you for your kindness, I am  
Very truly yours,  
HARBERT DAVENPORT.

## MR. AND MRS. CROW HOSTS.

A small group of friends gathered at the home of Mr. and Mrs. Will Crow on the eve of St. Patrick's for a delightful evening of bridge. Pot plants and a profusion of greenery were adopted as the only floral adornment of the home. Bridge appointments of shamrocks, shillelaghs and duddeens carried out the St. Patrick motif.

Later in the evening a sumptuous supper of molded salad, deviled eggs, cheese and chicken sandwiches, and iced tea was served. Plate favors were green poppers containing paper caps and tiny charms, and lent much merriment to the occasion.

Those present were Mr. and Mrs. Earl Cureton, Mr. and Mrs. Garland Martin, Mr. and Mrs. George Windrow, Mr. and Mrs. Henry Windrow, Mr. and Mrs. Robert Kolman, Mr. and Mrs. Ed. Convey and the hosts, Mr. and Mrs. Will Crow.

## LADIES FREE AGAIN.

The Colonial informs us they are going to admit the ladies free again this Saturday and Sunday, March 25 and 26th, to see STATE TROOPER, an excellent picture starring Regis Toomey and Evelyn Knapp.

San Antonio, Texas,  
March 20, 1933.

Mr. Ralph J. Graff,  
Hondo, Texas.

Dear Mr. Graff:

Enclosed is our check No. 263, to the amount of \$66.90, in payment of the calf we purchased from you at the 4-H club auction Saturday.

We take this opportunity to extend to you our best wishes and congratulations on the splendid work you are doing in feeding.

Please be assured that this company is not only ready but anxious to cooperate with you and your associates in this endeavor and it was a privilege for our representative, M. A. Dozier, superintendent, to attend and participate in the bidding.

We are very glad that we were able to purchase your calf.

Yours very truly,

UNION STOCK YARDS, S. A.

The above figures are from the official count of the ballots cast in the primary election of March 15th. Errors made in taking the figures over the telephone and the failure of the holders of the election at Maverick to make official returns of the vote at box upset the preliminary figures of last week and increased Mr. Griffin's lead in the county.

We have not yet secured official figures for the District, but West's lead assures him of the nomination, and we learn indirectly that his successor as Representative in the Texas Legislature from the Brownsville district will be elected April 22, at the same time the election for Congressmen will be held.

## TIPS SUPPORTS THE NCMINEE.

DEMOCRATIC NATIONAL CAMPAIGN.  
The Garner District of Texas  
Three Rivers, Texas,  
March 17, 1933.

Mr. Milton West,  
Brownsville, Texas.

Dear Mr. West:

Assuming that the newspaper reports are correct, you have won the

Democratic nomination for Congressman from this District, and I offer my congratulations.

You will have my full support in the election April 22nd against Carlos G. Watson, the Republican candidate, and you should have the support of every voter who participated in the two Democratic primary elections.

I have never scratched a name on the Democratic ticket. In addition to the moral obligation created by taking the pledge to support the nominee, I have always felt that the principles of the Party are more important than the personalities of the candidates, and if the Democratic party is to be a real factor in the life of our Nation it is important that we present a united front. We should settle our differences inside of the Party and abide by the will of the majority.

The great majority of voters in this District are Democrats and for them the official result of the vote in the Democratic primary settles the matter. You should have no serious opposition in the election April 22nd.

The Democratic party with its great leaders President Franklin D. Roosevelt and Vice President John N. Garner has a great opportunity for service to the Nation in this critical period of our history, and you will have the opportunity in Washington to serve not only this District but the Nation as a whole, by loyally supporting President Roosevelt's program and policies.

Again offering my congratulations, I remain

Sincerely yours,

CHARLES R. TIPS.

### How to train BABY'S BOWELS

Babies, bottle-fed or breast-fed, with any tendency to be constipated, would thrive if they received daily half a teaspoonful of this old family doctor's prescription for the bowels.

That is one sure way to train tiny bowels to healthy regularity. To avoid the fretfulness, vomiting, crying, failure to gain, and other ills of constipated babies.

Dr. Caldwell's Syrup Pepsin is good for any baby. For this, you have the word of a famous doctor. Forty-seven years of practice taught him just what babies need to keep their little bowels active, regular; keep little bodies plump and healthy. For Dr. Caldwell specialized in the treatment of women and little ones. He attended over 3500 births without loss of one mother or baby.

## FINDS AN EIGHT YEAR CYCLE.

March 10, 1933.  
 Dear Mr. Davis:  
 In the Anvil Herald of January 13, 1933, the statistics for rainfall were given.  
 There are some most astounding cycles or similarities recurring, and mention my study of them for should the possible conclusion turn to a reality, some of the Hondosites can possibly be prepared for the worst at any event.

Starting with 1901, each 8th year has a rainfall much below normal, in fact nearly one-half of that of an average year. The average is 27.82 inches, and the rainfall for 1901 is 17.46; 1909, 17.54; 1917, 14.15; 1925, 14.76; and 1933 is the next 8th year to follow 1925, and it would be a logical conclusion that the rainfall should not exceed 18.00 inches this year.

A year immediately preceding or following one of these "drought" years is also a "sub-average" rainfall year, showing a possible conclusion that when droughts come, they come in a prolonged period extending over nearly two calendar years, so 1933 and 1934 might have below normal rainfall.

Some of the old settlers could probably find some Nature signs proving that 1933 will not be a drought year. I hope that it will not be. But if preparation were made along the line that it was going to be a recurring condition of such poor crop years as 1901, 1909, 1917, and 1925, the farmers could make a better provision for themselves by thinking and doing those things which we all wish we had done before a certain condition does exist, as selling off cattle before they get out of pasture and water, as carrying all available food from early crops since there might not be a late crop, as planting hay and feed crops instead of a cotton crop that needs water, and otherwise providing for a hard times year.

Credit by stores and banks to farmers and ranchers should be ex-

### ROTHE RECEIVES APPOINTMENT AS CATTLE INSPECTOR.

Dr. H. H. Rothe, field representative of the Farm and Live Stock Record, was appointed by the inspector last week as cattle inspector for the Regional Agricultural Corporation of Raleigh, N. C. He is conducting inspections of cattle in Florida under the direction of the Macon branch of the corporation.

Dr. Rothe is eminently fitted for this work through his long experience and extensive education with cattle. He was raised on a Texas cattle ranch, graduated from the University of Ohio, was instructor for five years in the University of Georgia and for some time was county agricultural agent in Jefferson County, Florida.

He is also a graduate veterinarian and has made a life long study of cattle, from the range to the pure breeds. All applications for loans by Florida cattle owners made by the Regional Agricultural Corporation are referred to Dr. Rothe for official inspection and in the past three weeks he has made inspections of a number of herds of beef and dairy cattle in all sections of the State—Florida Farm and Live Stock Record.

Don't borrow your neighbor's paper. If you are sufficiently interested in its contents to want to read it, you owe it both to yourself and to the paper to buy a copy of your own and not impose on the good nature of your neighbor. It costs only \$1.50 a year or less than 3c per week.

Medina county farmers are rapidly getting out of the old method of hand feeding hogs. Eighteen demonstrators produced 140,700 pounds of pork valued at \$4,924.50 with \$2,814. worth of feed. That feed cost of 2c per pound does not include labor and investment. Thirty cooperators fed out 460 hogs and made a small profit on the hogs as well as disposing of grain to an advantage.

**F. E. Lindsley** has planted 700 citrus trees valued at \$350 from his own home nursery at an expense of about \$70 exclusive of labor. By growing his own stock he has \$280 for his labor and care. W. Clawiter planted three acres to 210 trees from his nursery costing him \$6.30 exclusive of labor. The trees ordinarily would cost about \$100.00.

Last season in Wilson County 90 farmers planted 3,600 acres to either first or second year Harper cotton as a county seed stock for 1933. Four who were demonstrators reported an average of 800 lbs. seed cotton per acre. Some gins reserved one stand to handle the ginning so that the seed would be kept as pure as possible. It seems likely that this custom will spread to other gins and other communities this season.

Ten 4-H Club members planted one acre each of chilex. The seed was obtained from the experiment station at Chillicothe, Texas. Eighteen thousand pounds of pure seed was threshed from the 10 acres. A field tour was held and each acre was visited and rogued to keep it pure. This is the first chilex to be planted in Medina County. Chilex this year was earlier than any other grain sorghum. This, of course, was noted by the farmer and according to the sale of planting seed by the members there will be many acres of chilex planted in Medina County during 1933.

### Warning

Don't be misled by false statements. Calomel, salts, mineral waters, oils, laxative pills and drugs have no effect whatever on the liver or its production of bile. The truth of this statement can be proved by consulting the authoritative medical textbooks published during the past five years.

There are only two known substances which will actually stimulate a torpid or sluggish liver to cleanse and purify itself by increasing its production of bile. Sargol Soft Mass Pills contain both of these substances, and no other advertised medicine on the American market today does contain them.—(adv.)

## MEDINA COUNTY RURAL MEET.

The Medina County Rural Inter-scholastic March Meet held at Castroville on March 17 and 18 was well attended and we think was a success in every way.

There were 10 schools represented, namely: Burrell, Riomedina, Dunlay, Verdina, New Fountain, Maverick, Biry, Shookville and Castroville.

Points won by respective schools were Shookville 176, which gave them the all-around championship. Castroville was second with 172 points, Biry followed with 68 1-2, Maverick 55, Verdina 46, New Fountain 35, Quilhi 27 1-2. These points were awarded only to member schools of the Inter-scholastic League.

On Saturday a barbecue dinner was served to at least a thousand people. This dinner was free and we hope we are setting a precedent by offering to the public a school meet free in every respect.

In conclusion we want to thank those who so generously gave and assisted in making our meet a success. Without the help of these people our meet could not have been as great a success.

Playground Ball (boys)—Castroville team won second place, losing to Shookville by a score of 5 to 2. Castroville then came back strong to defeat Biry 8 to 5.

W. R. LAWRENCE, Director General.

**BIRY PLACES THIRD IN COUNTY MEET.**

When points were computed to determine all-around county championship for Rural Schools, Biry ranked third in the list. Considering competition against several two unit schools this was the highest attainment possible for any one unit (or 7 grade) school.

The various communities prove that they are interested in things which improve the educational standards of the country. Castroville deserves credit for putting over such an elaborate county meet as this one was.

## RETURNING.

By Gloria Brumby.

Alma Shelbourne was sitting on  
the shady porch. Royal red poinset-  
tas and glowing purple bougainvil-  
las had been trained over a high  
trellis work which insured the porch  
being cool and shady on the hottest  
of hot Florida afternoons. It was just  
a week before Easter and the South-  
ern summer weather had already be-  
gun. Everywhere one could see re-  
turning pleasure cars loaded with  
sun-tanned occupants and dusty bag-  
gage. But Alma and her husband,  
Allan, did not plan to return north-  
ward. They believed in the new Flori-  
da slogan "Stay till May", and indeed  
why should they return to the bustle  
and hustle of big cities when the en-  
ticing breezes and the voluptuous sun  
held them enthralled. After all,  
it was much more pleasant to do  
nothing ever so nicely than to worry  
about the hundred and one things  
that harassed sojourners in cities.  
With each successive winter in the  
realm of the sun Alma and Allan had  
found work more distasteful to  
them. Anyway they looked down upon  
mere money-grubbers although  
they everlastingly complained of be-  
ing "broke". They were engaged in  
the pursuit of pleasure and ease and  
yet they both looked and felt intense-  
ly bored.

Allan Shelbourne stepped softly  
from the house to the porch chair on  
which his girlish little wife sat. Not-  
ing an open letter in his hand and an  
unusually serious expression on his  
tanned boyish face, he said quickly,  
"Bad news, Al?" Her husband looked  
more helpless than ever despite  
his sage-sulphured locks and his fifty  
odd years, and handed Alma the let-  
ter. The blue eyes that still retained  
an expression of youthful wonder and  
innocence scanned the closely writ-  
ten pages of the epistle. Then she  
threw up her hennaed head and al-  
most screamed at her husband, "I  
knew that if we left the boy some-  
thing like this would happen. Any-  
way I didn't expect that Sid would  
leave us so utterly in the cold. If  
we had ever failed in our duty to the  
boy it would have been different."

"Sid will be thirty next month, dear-  
ie. It is to be expected that he would  
want to get married now," retorted  
her husband, the worried look on his  
face disappearing and being replaced  
by an air of satisfaction. "At any  
rate he might have consulted us and  
I might have introduced some wis-  
dom into the business. I was quite  
successful in turning him away from  
all his other flairs." "Introduce wis-  
dom into a love affair and you wreck  
it," replied Al, "And that is exactly  
what you have done with all the  
boy's heart experiences. You have  
wrecked them all. Why the little  
teacher he had a couple of summers  
ago would have made him a capable  
little wife but you turned her down  
cold and the boy took it badly." Alma's  
anger turned to sadness. "Well, if I  
erred it was for the boy's sake. Sid  
was so youthful in his love-making."  
"Bah, Alma, love makes the heart young," and Al held  
out a packet of menthol-cooled cig-  
arettes to his fragile and crushed  
little wife. Alma Shelbourne was  
forty-eight but she had the heart  
and thoughtfulness of eighteen.  
"Children are more ungrateful than  
cats," she murmured between inhala-  
tions. "But I suppose I must accept  
the inevitable. After all a woman's  
part is always that of acceptance.  
She begins by accepting a man's ring  
and by accepting her husband's ex-  
cuses and her children's abuses." Al  
waited, smoking in silence and she  
continued, "If I had been on the spot  
I would have known how to handle  
the matter." "A too strenuous pur-  
suit defeats itself, Alma, and I think  
that if you had butted in on the oc-  
casion it would have led to a hasty  
marriage. Sid wants to marry and  
too long we have stood in his way."  
"At any rate he might have waited  
till your heart was strong enough for  
regular work and until his little sis-  
ters were out of school. Children  
have a duty towards their parents  
even in these days." She saw an un-  
usual look of determination, even  
courage, come into her easy-going  
husband's eyes. "Listen, Alma," he  
said, "Sid was always a good son. We

are and have always been the self-  
ish ones. For the last four years  
every winter we have been down here  
summing ourselves while the boy has  
been working like blue murder to  
send us a monthly allowance. Why  
we have been living off the boy ever  
since he had his first paper route.  
That's it—living like ghouls upon our  
own flesh and blood. The house we  
live in, the clothes we wear and even  
the very food that we eat are all got  
from his money and because at the  
age of thirty, a sensible marrying  
age, he decides to take care of some  
little girl we call him ungrateful."

Alma stared at her husband dumbly.  
She was surprised at the backbone  
he exhibited. Her experience had  
been that both she and Al took all  
that was offered them as their rights.  
They both especially loved them-  
selves. True they gave if it didn't  
hurt them, but they never gave till  
it hurt. They were both parasites,  
had been parasites for the last dozen  
years ever since the doctors had  
told Al that his diaphragm was displaced  
and he must eschew hard work if  
he wanted to live long. Al had an idea  
that he was perfectly well now, but  
he kept the knowledge to himself. It  
was so much nicer to be made a  
fuss of. He liked to hear Alma tell  
people about her delicate husband.  
Still Al was a wondrous cheerful  
companion although he was a weak  
sister. Women adored him and he  
was "Hail fellow well met" to the  
other males at the country club. A  
little cry burst from Alma's carmined  
lips. Al's words had struck home.

"You're right, Al," she said, her per-  
manently pouting lips looking more  
unhappy than ever. "We've been  
feeding off our boy's heart and hap-  
piness. Well, it's better to know the  
worst than fear it, and now we will  
have to make new plans for the fu-  
ture. Her eyes turned towards the  
shining little bit of transporting  
mechanism that was parked just out-  
side. It had been a gift to Al and  
herself from her boy. Al, noting her  
look, asked, "Alma, do you think you  
could stand a three room walkup in  
New York after this pink stuccoed  
love-nest?" "If your health could  
stand a man sized job again, old  
dear," she cooed, drawing her slender  
husband down to her side. Al  
kissed her on the lips and they both  
seemed to have grown older and wiser.

"Well we'll beat the homeward  
trail tomorrow and hereafter a winter  
in Florida will be a reward for  
things accomplished rather than a so-  
journ for the white-livered of human-  
ity. And sav, girlie," and Al Shel-  
bourne for the first time in his half  
century of life, really looked big.  
"The boy has given us many winters  
in Miami, so I am going to give him  
a man-sized honeymoon in Paris, and  
how." "And how?" is right, darling,"  
laughed Alma, whose mind was al-  
ready turning towards the homegoing  
expenses. "Have you recently, all  
unbeknown to your best half, dis-  
covered some of our submerged lots or  
have you extracted some blood out  
of a grapefruit skin. I am beginning  
to feel extravagant already so don't  
hold me in suspense any longer for  
your sake and my sake and for the  
sake of Rome, tell me if I am married  
to a new-made millionaire."

Al laughed at his wife's joviality. "Well,  
girlie, I may not be much of a fi-  
nancial wizard but at any rate you  
must give me credit for some prac-  
tical common sense despite my sloth-  
ful propensities of late. The fact is  
that when Sid was quite a little chap  
I took out a secret policy of assur-  
ance to be paid when he was thirty  
and in less than four weeks time it  
will mature and there will be \$2000  
for the boy to play pretty with as  
well as a similar amount for me to  
go into a partnership with a New  
York business house. So we will all  
be sitting among the daisies, will we  
not, dear?" "Your look of simplicity  
betrays your man-sized brain" was all  
that Alma said as they both got into  
the sport roadster bound for the  
nearest telegraph office.

## QUIHI NOTES.

Bless the Lord, O my soul; and all  
that is within me, bless his holy  
name. Bless the Lord, O my soul,  
and forget not all his benefits. Ps.  
103:1-2.

Man is often inclined to attribute  
his daily budget and his success ex-  
clusively to his brawn and brain, his  
exertion, circumspection and applica-  
tion. But these are secondary and  
cover the ground only in part. Deep-  
er reflection leads to the primary  
source: Bless the Lord, O my soul!  
What have we in material and spir-  
itual benefits that's not given? How  
can we acquire and accumulate with-  
out the equipment and qualifications  
allotted to us? A sincere acknowl-  
edgment to the Giver dignifies the  
endowment and makes the recipient  
so much happier. Forget not, O my  
soul.

Letters and descriptive material  
brought us tragic news from the  
earthquake zone in California. The  
Martland family, our visitors here  
last fall, and one of our boys on  
guard duty from the S. S. Omaha,  
went through this terrible experience  
at Long Beach. The horrid sights  
of crumpled buildings and streets  
strewn with mangled and crushed  
bodies will haunt them for a long  
time. We are deeply grateful with  
them for having escaped major in-  
juries. What is man's ingenuity and  
loudly lauded progress in the face of  
such catastrophes?

The Reward pins for the Sunday  
School, at last, have arrived. We  
hope to distribute them next Sunday.  
Quite a number of pupils are entit-  
led to them and we trust they are pre-  
sent for the occasion and get addition-  
al incentive and encouragement for  
their future work and regularity in  
attendance.

The Ladies Aid will meet on  
Thursday, April 6th, at 2 P. M. The  
hostesses are the Mesdames Jac.  
Oefinger, Harm Gerdes and Albert  
Mumme. May no one be prevented  
from attending. And you who still  
stand aloof from joining this organi-  
zation, please come and be our guests  
and get acquainted with the spirit of  
the work and the necessity of your  
co-operation.

Lenten services are conducted ev-  
ery Wednesday at 8 P. M. The at-  
tendance is on a gratifying increase.  
If any way possible, come and con-  
template with us what the Lord has  
suffered for you. If one were badly  
hurt in trying to save your life, you  
certainly would not deny him a sin-  
cerely grateful visit at the hospital,  
would you?

Warning  
Don't be misled by false state-  
ments. Calomel, salts, mineral wa-  
ters, oils, laxative pills and drugs  
have no effect whatever on the liver  
or its production of bile. The truth  
of this statement can be proved by  
consulting the authoritative medical  
textbooks published during the past  
five years.  
There are only two known sub-  
stances which will actually stimulate  
a torpid or sluggish liver to cleanse  
and purify itself by increasing its  
production of bile. Sargon Soft  
Mass Pills contain both of these sub-  
stances, and no other advertised  
medicine on the American market  
today does contain them.—(adv.)

Work and Grow  
When Rip Van Winkle took his sleep  
He lost a lot for he missed a heap.  
Some people now, this present day,  
Let the world go by the very same way.  
They simply stop while the world goes by,  
They don't catch up and wonder why.  
Old Rip was slow and would not work,  
And they, also, life's duties shirk.

Miss Grace Zinsmeyer accompanied by her sister, Mrs. H. L. Muennink of Hondo, was in San Antonio Wednesday.

The play, "The Rose of El Monte," has been indefinitely postponed by the Seco Community.

Raymond Nester and Mitchell Koch left last week for San Antonio, where they are working on baseball possibilities. A recent issue of the Express pictured Nester with a group of Hank Severid's first contingent of pitchers. These two players will be missed by local fans, who, however, wish them success.

## BIRTHDAY PARTY.

Inell Poerner was given a surprise party at her home on Sunday afternoon, March 19, the occasion being her twenty-first birthday anniversary. The little guests enjoyed different games; in a contest of carrying beans on a knife Ethel Lutz received a prize for carrying the most, and Edward Weynand received one for carrying the least.

Refreshments, which consisted of the pink-iced birthday cake decorated with eight candles, other cake, cookies, candy, and orangeade were served. In a drawing for guest prize, Evelyn Lutz was the winner. The little honoree received many nice gifts.

Those present were: Catherine and Marie Weynand, Ethel, Mary Ann, Evelyn, Melba Rose and Dorothy Lutz, Selma Rothe, Melvinda and Jeanice Poerner, Edward Weynand, James and Leroy Lutz, Casper Rothe,

Paul Poerner, Jr., and the honoree.

## LONGHORNS MEET.

The Longhorn baseball club met in regular session Wednesday night. The pilot of the club, Pete Britz, presided, and announced that the opening game of the season would be played at Riomedina April 2nd. Leander Rudinger reported that the club emblem would soon be ready for use. Chief Adviser Howard Rothe is still working on the Constitution and for that reason was unable to attend. Another member conspicuous for his absence was pitcher Herman Fohn. It was agreed to change the regular meeting night from Wednesday to Thursday, and to do some field work on Sunday, March 19. There being no further business, the meeting was brought to a close. The following members were present: Charle Langfeld, Charle Rieber, Leander Rudinger, Raymond Finger, Martin Ney, Thomas Grimsinger, Thomas Finger, Johnny Britz, Harry Reitzer, Hilmar J. Koch and Pete Britz.

## D'HANIS PUBLIC SCHOOL NOTES

D'Hanis was represented good and strong in Class B County Meet last Friday at Natalia.

Our school won the following first places:

Girls' Indoor Baseball, Girls' Tennis Doubles, Senior Boys' 100-yd. dash, 220, 880, broad jump, tied for pole vault and chinning the bar, and won the mile relay.

In the literary events we won first place in Senior Boys' Declamation, second and third places Senior Girls' Declamation, second place Junior High School Girls, third place Junior Girls, second place Junior Boys, first and third place Sub-Junior girls, first and second Sub-Junior Boys, second place in Tiny Tot Story-telling, first in Senior Girls' Essay Writing, and first in Sub-Junior Spelling. ## D'HANIS P. T. A.

The D'Hanis P. T. A. met in regular session at the school house, March 15th. The President, Mrs. Louis Ernst, presided.

The following program was presented:

Song: (1) "America"  
(2) "Oh Susanna."  
By Choral Club  
Declamation: "Little Boy Blue."  
Robert Love  
Declamation: "The Red, White and Blue."

Ruth Strawn

A business session followed during which plans were made to collect a mile of pennies. After discussing the diphtheria inoculation of children the meeting adjourned. This inoculation will be given March 29th at the public school.

Reporter.

At a meeting held Monday night the D'Hanis baseball club was reorganized for the 1933 season. A large crowd was present and everyone expressed themselves as to plans for the coming season. Alphonse Boog was elected manager and H. C. Rothe Secretary-Treasurer. Amos Finger was appointed field captain. The club will play its first game Sunday on the local grounds with Knippa. The club will be open for games with neighboring towns. A fast team will be in the field with about ten old players and several promising youngsters on the roster. It was agreed that no admission will be charged to attend the games but voluntary donations will be accepted. Realizing that due to financial conditions it would be a hard task for families to attend these games if the regular admittance charge was asked and wishing to keep the game popular this method was adopted.

Five demonstrators produced 37.8 tons per acre of Chinese red cow peas on 27 acres. As feed for dairy cows the value is calculated at \$264. On 2 farms the peas were turned under to enrich the soil while 30 fields were grazed. Peanut hay is the most extensive legume hay crop in the county and largely is a side crop after threshing the peanut crop which is planted for the nuts. Three men who kept records of the amount of hay produced 18 tons on 20 acres.

## YOUNG FOLK, LISTEN, THIS SHOULD INTEREST YOU.

This should be interesting news to you. Byrne College is continuing to place its graduates in positions. Fourteen have been placed during the past five weeks. Don't you wish you had been one of them? Well you can be one of twenty we will place during July if you will enroll with us between now and the first of April. What else can you do the next three months that will place you on the pay roll in a nice office where there is opportunity for advancement?

Byrne College has many advantages in placing its well trained graduates. We wish we had space in this article to tell you of the many ways we have of securing employment, but we haven't so we invite you to come to our office and let us tell you about it.

Just think what you are going to be up against ten or twenty years from now if you do not equip yourself with a modern business education. Write us how soon you believe you can be with us, and state if you prefer us to get you spare time work to earn your board and room. State the largest amount you can pay down on the purchase price of your scholarship, and how much you can pay monthly thereafter until the full amount is paid, or if you cannot make monthly payments while in school, state what size of monthly payments you can make beginning, say, six weeks after your course. Or, if there is some other plan of payment you prefer, please state it. If you have the cash, or can raise it and pay cash for your scholarship, we will make you a discount that will interest you. It will far more than pay the interest the bank would charge you or anyone else from whom you might borrow the money.

Let Byrne College train and place you. Time that is not valuable to you now can be invested in a business education at Byrne College and made the means of winning your independence and starting you on the road to a successful career. You have now the opportunity of doing the greatest act of your life toward your future success. Think seriously of your future and act now. We want to train and place you. You can do no better than to attend the best.

## PANTHER WOMAN IN COLONIAL FILM.

Saturday and Sunday's show at the Colonial Theatre brings Regis Toomey and Evalyn Knapp in the exciting film, "State Trooper". It is a fast-moving melodrama, full of moments of suspense in the setting of an oil refinery plant which is endangered by villains wishing to blow it up. There are many thrilling situations, but the hero as a state trooper stationed at the refinery, comes through with some heroic actions, and the film ends with the trooper and Miss Knapp happy ever after. Included in the cast are Barbara Weeks, Raymond Hatton, Matthew Betz and others.

The "Panther Woman"—Kathleen Burke, of Chicago, who won that title over 60,000 competitors in a nationwide contest—makes her screen debut with Charles Laughton, Bela Lugosi, Richard Arlen, and Leila Hyams in "Island of Lost Souls", movie version of H. G. Wells' eerie novel of experiment and adventure, which comes to the Colonial Thursday and Friday. The Panther Woman is one of the most important characters in the story of the skilled scientist driven half-mad by his frantic desire to turn animals into men. She is the most perfect, the most successful of his creations. Laughton plays the role of the scientist, with Arlen as a young American who has been rescued from a shipwreck and marooned on the South Seas Island which is the center of Laughton's efforts. Arlen is horrified at the beast-men the doctor has produced; is shocked beyond endurance when he finds the beautiful girl who has nearly succeeded in winning him from his sweetheart is merely another of his creatures. Aid ultimately reaches him when Miss Hyams, his sweetheart, reaches the island in a boat she has chartered. But their escape is blocked and their lives endangered, when the beast-men taste blood and go on a rampage. The picture reaches a dramatic climax when they turn on their creator and the other humans on the island.

This spring 14 beef calves that had been finished out by twelve club members were shown and sold at auction at Sabinal. These calves had been fed out on strictly home grown rations, starting on feed at an average weight of 514 pounds, finishing at an average weight of 854 pounds after a six month feeding period. The calves were fed for an average of \$15.83 per head and sold for an average of \$51.22, leaving the net profit of \$9.50 per calf after charging the calf with all feed at the current market price. This fall sixteen club members are feeding twenty calves along the same line that will be finished out in the spring of 1933. As was the case last spring, the business men of Sabinal have arranged for cash premiums for the show, and the Uvalde Rotary Club has recently announced that they will present the winning member of this year's competition with a trophy cup. Three members have sows with litters of pigs they are finishing for sale at about the same time the calf show will be held. All of this feeding work with Club members has been of a strictly practical nature, with the intention of training the boys in marketing the home grown feeds on hoof.

## Evidence-- RIGHT OR WRONG!

The other evening a kindly gentleman possessed of a little more than the average amount of human compassion and understanding of boy psychology started home in his car. Two young hopefuls hailed him for a ride. Smilingly he stopped and took them in.

It didn't take long to get them to talking. Just two fine little fellows who'd been to a picture show—about the age of his own son. At a certain corner one of the boys got out.

"Where you going?" Bill, asked the other. "O, just up to the drug store to meet the gang." Whereupon our driver friend—a father—experienced something of a disappointing quirk of mind. "To meet the gang" didn't sound just right to him. It was supper time and boys should go home instead of to meet the gang.

Strange how small things create important impressions. Perhaps the little fellow is all right, but the evidence was against him.

Who knows how much business has been lost by the use of poorly printed stationery and literature sent through the mails? The sender might be ever so worthy—but the evidence is against him.

Our printers like their work, they know how to produce a good job, and they take an interest in every piece of printed matter they turn out.

The dairymen of the Edna section of Jackson county shipped to a creamery at Wharton a little over two million pounds of milk in the year 1932, according to the report of J. A. Scofield, county agent. This has brought an income of something over \$27,000 into the county, produced almost altogether on home grown feeds and pastures. Four registered Jersey bulls were placed in that many dairy herds the past year and two trench silos were dug and filled and Mr. Scofield states that if the comments are any indication, there will be at least a dozen silos dug and filled in 1933.

## Work Weary "NERVINE"

Do they make you Restless, Cranky, Tired, Sleepless, Dyspeptic, Head-achy? Do they spoil your pleasure and interfere with your work?

Tens of thousands have found a way to get relief from over-worked nerves—a way so simple, so pleasant, so low in cost, that we are constantly receiving letters that say, "If I had only found Effervescent Nerve Tablets sooner." Simon Brandt writes:

"I was very nervous from over-work. I couldn't sleep well, appetite was poor, and I felt weak for a long time."

"Used Dr. Miles' Nervine and now feel fifteen years younger and I am working the same as I did before—fourteen to fifteen hours daily."

"Sorry I did not learn about this wonderful medicine sooner as I had tried everything I could hear of, without results, until Dr. Miles' Nervine put me back on my feet."
